# INTRODUCING THE MOST SCIENTIFICALLY ADVANCED NUTRITION FOR THE 21ST CENTURY.

Acemannans are uniquely structured polysaccharides that naturally occur in fresh Aloe vera gel. Unless Acemannans are stabilized when the aloe leaf is harvested, they break down and lose their effect within 24-48 hours.\*

Rarest, most researched molecule known for maximizing human performance with over 700 peer reviewed clinical studies.\*

## FRONTIERS IN MICROBIOLOGY:

Immune-optimizing fractions of Acemannan were shown to dramatically enhance the immune systems ability to recognize and defend against the influenza A (flu) virus.\*

## IMMUNE-OPTIMIZING BENEFITS OF ACEMANNAN\*

- Optimizes immune response to viruses, infections and diseased or damaged cells. Supports cellular detox.\*
- 10x impact on immune modulation.\*
- Increases adult stem cell production by 300-400%.\*
- Helps cells make more collagen for anti-aging benefits.\*
- Improves cellular metabolism and functioning.\*

"Incorporating Alovéa into our day has been life changing for us. I am sleeping better and waking up rested. I've lost 50 lb in 10 months, and my cravings for junk food and unhealthy carbs are gone. I eat to fuel my body instead of emotional triggers. My daughter uses the Immun to stay healthy in school and never gets sick."

- Joe B. Wisconsin

"I had been struggling for years with digestive issues where certain foods would cause flare-ups that gave me a lot of discomfort. Addressing root causes made sense to me, and within a few months on the Alovéa core technologies, my discomfort was gone. I've lost inches, sleep better and no longer have hot flashes."

- Heidi, Arizona

"I'm an active Mom of two very busy kids and work full-time. Alovéa's products have helped me manage stress and sleep through the night. My PMS has lessened, and I have major energy and endurance for my CrossFit workouts. I'm seeing improvements in my health I didn't know were possible, and my kids love the products too."

- Michele, Minnesota

"I'm a veteran and former police officer who's suffered a lot of discomfort in my neck and back. Using Alovéa's core technologies have alleviated that. I'm sleeping better and down several pounds. Now I'm a business owner and the Focus and Prime shakes are healthy substitutes for my busy schedule keeping me from unhealthy convenience foods."

- Jon, Alabama

"I have an autoimmune condition that prior to using Alovéa's products left me feeling fatigued and struggling all day long. I've changed my diet, consistently use the products and my doctor has worked with me through the process. As a result she has taken me off all of my medications. I now have my energy back and feel totally rejuvenated. Words cannot express how much Alovéa's products have changed my life. I won't go a day without them."

- Derrick, Florida

Individual results may vary and are not guaranteed. You should assume a typical weight loss of 1 to 2 pounds per week when consistently practicing the advice given on our website.

In 1997, Sam & Linda Caster provided the world's first stabilized Aloe vera Acemannan, (nature's most powerful immune-optimizing molecule) to an orphanage in Romania. The children in those orphanages suffered from a plethora of chronic & infectious conditions, resulting in 30 to 40 deaths per year.

Over the next year the quality of life for the children dramatically improved and for the first time in a decade, not one child died. These results triggered the founding of MannaRelief in January 1999. MannaRelief provided over 100 million daily servings of Acemannan-based nutrition over the next 20 years through charitable donations.

This was an amazing accomplishment, however, each year 7 million children die from immune deficiency related diseases. That's 1 child every 4.5 seconds!

The Casters wanted so badly to do more! Then they discovered social business, which was a faster, more sustainable way to fund the needs of more children, while for the first time making their unique Acemannan products available to the public.

This led to the launch of Alovéa Global. The Buy 1, Nourish 1™ **social giving model has already provided an additional 50 million daily servings of this advanced immune support to children in need** through its partnership with MannaRelief.

"I believe Acemannan will become one of the best strategies for protecting the health of the world's most vulnerable children. We invite all of you to Mexico to witness the amazing work we are doing with Alovéa."

– Vicente Fox, Former President of Mexico
